---

## PROFESSIONAL SUMMARY

Creative and detail-oriented aspiring Web developer with a strong passion for web design and consistency. Currently undergoing a 16-week intensive software development program with Power Learn Project. Equipped with HTML, CSS, PYTHON and Git skills alongside experience in graphic design. Eager to grow, learn, and contribute to innovative tech solutions.

---

## SKILLS

- Web Development: HTML5, CSS, Git, GitHub, Responsive Design
- Tools: VS Code, Canva
- Soft Skills: Teamwork, Communication, Consistency, Time Management

## PROJECTS

### 1. Personal Portfolio Website

Built a clean and responsive portfolio using only HTML and CSS as part of a hackathon challenge. Includes about me, interests, project showcase, contact section, and resume download feature.

Tools Used: HTML, CSS, GitHub

### 2. HTML5 Assignment Pages

Created structured web pages including About Me, Interests, Projects, and Contact as part of a training program.

Tools Used: HTML5

### 3. Python Mini Calculator

I created a basic calculator that performs simple arithmetic operations like addition, subtraction, multiplication and division.

Tools Used: Python

---
